Subject: RE: VPDES Permit VA0087629 Dozier Marine - 2013 reissuance

The completed addendum is attached.

The only structure currently on the site is a cottage served by an on-site septic system.  
The on-site septic system will remain to serve the cottage.

The permitted discharge is planned to serve a proposed future development.

**Subject:** VPDES Permit VA0087629 Dozier Marine - 2013 reissuance  
**Importance:** High

In the midst of preparing the final permit package, I can't seem to find a completed VPDES Permit Application Addendum form. Was this submitted?

If not, can you please take the time to fill this form out (it is both attached and available for download using the link below). Please note Item #1 on this form (the proposed permit holder). It appears that the previous name, Dozier's Dockyard Inc. has been replaced by Dozier Marine, Inc. as per the Virginia State Corporation Commission. The options would appear to be to list Dozier Marine, Inc. or John C. Dozier (if willing to accept personal legal responsibility for all permit requirements and liabilities).

[http://www.deq.virginia.gov/Portals/0/DEQ/Water/PollutionDischargeElimination/VPDES\\_Permits\\_Application\\_Addendum.doc](http://www.deq.virginia.gov/Portals/0/DEQ/Water/PollutionDischargeElimination/VPDES_Permits/VPDES_Permits_Application_Addendum.doc)

Please get back to me as soon as possible as the permit must be issued this week.

Sincerely,

Tamira Cohen
